### Other hazards

Vapors may form explosive mixture with air.

### SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture : Mixture

#### Components

Chemical name	CAS-No.	Concentration (% w/w)
Propan-2-ol	67-63-0	>= 30 -< 50
Betamethasone	378-44-9	>= 0.01 -< 0.1

### **SECTION 4. FIRST AID MEASURES**

General advice	advic	case of accident or if you feel unwell, seek medical e immediately. I symptoms persist or in all cases of doubt seek medical e.
If inhaled		aled, remove to fresh air. nedical attention.
In case of skin contact	Remo Get m Wash	se of contact, immediately flush skin with plenty of water. ove contaminated clothing and shoes. nedical attention. clothing before reuse. oughly clean shoes before reuse.
In case of eye contact	: In cas	se of contact, immediately flush eyes with plenty of water

Version 3.0	Revision Date: 30.09.2020	SDS Number: 4371239-00004	Date of last issue: 25.09.2020 Date of first issue: 30.05.2019		
If swallowed		<ul> <li>for at least 15 minutes.</li> <li>If easy to do, remove contact lens, if worn.</li> <li>Get medical attention.</li> <li>If swallowed, DO NOT induce vomiting.</li> <li>Get medical attention.</li> </ul>			
Most important symptoms and effects, both acute and delayed		: Causes serious May cause drow May damage the	<ul> <li>Rinse mouth thoroughly with water.</li> <li>Causes serious eye irritation.</li> <li>May cause drowsiness or dizziness.</li> <li>May damage the unborn child.</li> <li>Causes damage to organs through prolonged or repeated</li> </ul>		
Protection of first-aiders		exposure. : First Aid respond and use the reco when the potent	First Aid responders should pay attention to self-protection, and use the recommended personal protective equipment when the potential for exposure exists (see section 8).		
Notes	s to physician	: Treat symptoma	tically and supportively.		

### SECTION 5. FIRE-FIGHTING MEASURES

Suitable extinguishing media	:	Water spray Alcohol-resistant foam Carbon dioxide (CO2) Dry chemical
Unsuitable extinguishing media	:	High volume water jet
Specific hazards during fire fighting	:	Do not use a solid water stream as it may scatter and spread fire. Flash back possible over considerable distance. Vapors may form explosive mixtures with air. Exposure to combustion products may be a hazard to health.
Hazardous combustion prod- ucts	:	Carbon oxides
Specific extinguishing meth- ods	:	Use extinguishing measures that are appropriate to local cir- cumstances and the surrounding environment. Use water spray to cool unopened containers. Remove undamaged containers from fire area if it is safe to do so. Evacuate area.
Special protective equipment for fire-fighters	•	In the event of fire, wear self-contained breathing apparatus. Use personal protective equipment.

### SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protec- tive equipment and emer- gency procedures	:	Remove all sources of ignition. Ventilate the area. Use personal protective equipment. Follow safe handling advice (see section 7) and personal protective equipment recommendations (see section 8).
Environmental precautions	:	Avoid release to the environment. Prevent further leakage or spillage if safe to do so. Prevent spreading over a wide area (e.g., by containment or oil barriers). Retain and dispose of contaminated wash water.

Version 3.0	Revision Date: 30.09.2020	SDS Number: 4371239-00004	Date of last issue: 25.09.2020 Date of first issue: 30.05.2019

You will need to h regulations are applicable. d 15 of this SDS provide information regarding national requirements.

### SECTION 7. HANDLING AND STORAGE

Technical measures	: See Engineering measures under EXPOSURE CONTROLS/PERSONAL PROTECTION section.
Local/Total ventilation	<ul> <li>If sufficient ventilation is unavailable, use with local exhaust ventilation.</li> <li>Use explosion-proof electrical, ventilating and lighting equip- ment.</li> </ul>
Advice on safe handling	<ul> <li>Do not get on skin or clothing. Do not breathe mist or vapors. Do not swallow. Do not get in eyes. Wash skin thoroughly after handling. Handle in accordance with good industrial hygiene and safety practice, based on the results of the workplace exposure assessment Non-sparking tools should be used. Keep container tightly closed. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Take precautionary measures against static discharges. Do not eat, drink or smoke when using this product. Take care to prevent spills, waste and minimize release to the environment.</li> </ul>
Hygiene measures	<ul> <li>If exposure to chemical is likely during typical use, provide eye flushing systems and safety showers close to the working place.</li> <li>When using do not eat, drink or smoke.</li> <li>Wash contaminated clothing before re-use.</li> <li>The effective operation of a facility should include review of engineering controls, proper personal protective equipment, appropriate degowning and decontamination procedures, industrial hygiene monitoring, medical surveillance and the use of administrative controls.</li> </ul>

Version 3.0	Revision Date: 30.09.2020	SDS Number: 4371239-00004	Date of last issue: 25.09.2020 Date of first issue: 30.05.2019

### **Disposal methods**

Waste from residues : Contaminated packaging :	Dispose of in accordance with local regulations. Empty containers should be taken to an approved waste handling site for recycling or disposal. Empty containers retain residue and can be dangerous. Do not pressurize, cut, weld, braze, solder, drill, grind, or expose such containers to heat, flame, sparks, or other sources of ignition. They may explode and cause injury and/or death. If not otherwise specified: Dispose of as unused product.

Not applicable for product as supplied.

#### **Domestic regulation**

NOM-002-SCT
-------------

UN number	:	UN 1219
Proper shipping name	:	ISOPROPANOL, SOLUTION
Class	:	3
Packing group	:	II
Proper shipping name Class Packing group Labels	:	3

### Special precautions for user

The transport classification(s) provided herein are for informational purposes only, and solely based upon the properties of the unpackaged material as it is described within this Safety Data Sheet. Transportation classifications may vary by mode of transportation, package sizes, and variations in regional or country regulations.

### **SECTION 15. REGULATORY INFORMATION**

# Safety, health and environmental regulations/legislation specific for the substance or mixture

Federal Law for the control of chemical precursors, : Not applicable essential chemical products and machinery for producing capsules, tablets and pills.

### The ingredients of this product are reported in the following inventories:

AICS	:	not determined
DSL	:	not determined
IECSC	:	not determined
