1. PRODUCT AND COMPANY IDENTIFICATION

Product name :	Betamethasone / Clotrimazole Ointment Formulation			
Manufacturer or supplier's deta Company :	ils Organon & Co.			
Address :	30 Hudson Street, 33nd floor Jersey City, New Jersey, U.S.A 07302			
Telephone :	551-430-6000			
Emergency telephone number :	215-631-6999			
E-mail address :	EHSSTEWARD@organon.com			
Recommended use of the chemical and restrictions on use				

Recommended use of the chemical and restrictions on use

Recommended use	:	Pharmaceutical
-----------------	---	----------------

2. HAZARDS IDENTIFICATION

Emergency Overview

Appearance Colour Odour	:	Viscous semi-solid No data available No data available			
	May damage the unborn child. Causes damage to organs through prolonged or repeated expo- sure. Toxic to aquatic life. Very toxic to aquatic life with long lasting effects.				
GHS Classification					
Reproductive toxicity	:	Category 1B			
Specific target organ toxicity - repeated exposure	:	Category 1			
Short-term (acute) aquatic hazard	:	Category 2			
Long-term (chronic) aquatic hazard	:	Category 1			
GHS label elements Hazard pictograms	:				

Signal word

: Danger

SAFETY DATA SHEET according to GB/T 16483 and GB/T 17519

Betamethasone / Clotrimazole Ointment Formulation

Version 5.6	Revision Date: 2020/10/10	SDS Number: 610346-00013	Date of last issue: 2020/03/23 Date of first issue: 2016/04/08		
Hazar	Hazard statements :		amage the unborn child. damage to organs through prolonged or repeated aquatic life. ic to aquatic life with long lasting effects.		
Preca	Precautionary statements :		 Prevention: P201 Obtain special instructions before use. P202 Do not handle until all safety precautions have been read and understood. P260 Do not breathe dust/ fume/ gas/ mist/ vapours/ spray. P264 Wash skin thoroughly after handling. P270 Do not eat, drink or smoke when using this product. P273 Avoid release to the environment. P280 Wear protective gloves/ protective clothing/ eye protection/ face protection. 		
		Response: P308 + P313 I attention. P391 Collect s	F exposed or concerned: Get medical advice/

3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture : Mixture

Components

Chemical name	CAS-No.	Concentration (% w/w)
Petrolatum	8009-03-8	>= 90 -<= 100
White mineral oil (petroleum)	8042-47-5	>= 1 -< 10
clotrimazole	23593-75-1	>= 1 -< 2.5
betamethasone	378-44-9	>= 0.025 -< 0.1

according to GB/T 16483 and GB/T 17519

Betamethasone / Clotrimazole Ointment Formulation

Version 5.6	Revision Date: 2020/10/10		OS Number: 0346-00013	Date of last issue: 2020/03/23 Date of first issue: 2016/04/08	
4. FIRST	AID MEASURES				
General advice		:	In the case of accident or if you feel unwell, seek medical advice immediately. When symptoms persist or in all cases of doubt seek medica advice.		
lf inh	aled	:	If inhaled, remo Get medical att		
In case of skin contact		:	In case of conta of water. Remove contar Get medical att Wash clothing I	act, immediately flush skin with soap and plenty minated clothing and shoes. ention.	
In ca	se of eye contact	:	Flush eyes with	n water as a precaution.	
lf sw	allowed	Get medical attention if irritation develops and persis : If swallowed, DO NOT induce vomiting. Get medical attention.		O NOT induce vomiting.	
and delay Prote	ection of first-aiders	exposure. : First Aid responders should pay attentio		ne unborn child. le to organs through prolonged or repeated inders should pay attention to self-protection, commended personal protective equipment itial for exposure exists (see section 8).	
	s to physician	•		atically and supportively.	
Suita	able extinguishing media	:	Water spray Alcohol-resistar Carbon dioxide Dry chemical		
Unsı med	uitable extinguishing ia	:	None known.		
	cific hazards during fire-	:	Exposure to co	mbustion products may be a hazard to health.	
	ardous combustion prod-	d- : Carbon oxides			
Spec ods	cific extinguishing meth-	: Use extinguishing measures that are appropriate to loca cumstances and the surrounding environment. Use water spray to cool unopened containers. Remove undamaged containers from fire area if it is safe so.		d the surrounding environment. y to cool unopened containers. naged containers from fire area if it is safe to do	
Evacuate area. Special protective equipment : In the event of fire, wear self-contained breat for firefighters Use personal protective equipment.		fire, wear self-contained breathing apparatus.			

6. ACCIDENTAL RELEASE MEASURES

Vers 5.6	sion	Revision Date: 2020/10/10		S Number: 0346-00013	Date of last issue: 2020/03/23 Date of first issue: 2016/04/08
Personal precautions, protec- tive equipment and emer- gency procedures		:		ective equipment. ng advice (see section 7) and personal pro- recommendations (see section 8).	
	Enviror	nmental precautions	:	Retain and dispos	akage or spillage if safe to do so. e of contaminated wash water. hould be advised if significant spillages
		ls and materials for ment and cleaning up	:	tainer for disposal Local or national r posal of this mater employed in the cl mine which regula Sections 13 and 1	um up spillage and collect in suitable con- egulations may apply to releases and dis- rial, as well as those materials and items leanup of releases. You will need to deter- tions are applicable. 5 of this SDS provide information regarding tional requirements.

7. HANDLING AND STORAGE

Handling		
Technical measures	:	See Engineering measures under EXPOSURE CONTROLS/PERSONAL PROTECTION section.
Local/Total ventilation	:	If sufficient ventilation is unavailable, use with local exhaust ventilation.
Advice on safe handling Avoidance of contact	:	Do not get on skin or clothing. Do not breathe dust, fume, gas, mist, vapours or spray. Do not swallow. Avoid contact with eyes. Wash skin thoroughly after handling. Handle in accordance with good industrial hygiene and safety practice, based on the results of the workplace exposure as- sessment Keep container tightly closed. Do not eat, drink or smoke when using this product. Take care to prevent spills, waste and minimize release to the environment. Oxidizing agents
Storage		
Conditions for safe storage Materials to avoid	:	Keep in properly labelled containers. Store locked up. Keep tightly closed. Store in accordance with the particular national regulations. Do not store with the following product types:
		Strong oxidizing agents
Packaging material	:	Unsuitable material: None known.

Version	Revision Date:	SDS Number:	Date of last issue: 2020/03/23

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Components with workplace control parameters

Components	CAS-No.	Value type (Form of exposure)	Control parame- ters / Permissible concentration	Basis
Petrolatum	8009-03-8	TWA (Inhal- able particu- late matter)	5 mg/m3	ACGIH
White mineral oil (petroleum)	8042-47-5	TWA (Inhal- able particu- late matter)	5 mg/m3	ACGIH
clotrimazole	23593-75-1	TWA	0.2 mg/m3 (OEB 2)	Internal
betamethasone	378-44-9	TWA	1 µg/m3 (OEB 4)	Internal
	Further inform	ation: Skin		
		Wipe limit	10 µg/100 cm ²	Internal

Engineering measures :	Containment technologies suitable for controlling compounds are required to control at source and to prevent migration of the compound to uncontrolled areas (e.g., vacuum conveying from a closed system, packout head with inflatable seal from stationary container, ventilated enclosure, etc.). All engineering controls should be implemented by facility design and operated in accordance with GMP principles to protect products, workers, and the environment. Essentially no open handling permitted. Use closed processing systems or containment technologies.
Personal protective equipment	

Personal protective equipment

Despiratory protection		If adaguata local avhaust ventilation is not available or avna
Respiratory protection	:	If adequate local exhaust ventilation is not available or expo- sure assessment demonstrates exposures outside the rec- ommended guidelines, use respiratory protection.
Filter type	:	Combined particulates and organic vapour type
Eye/face protection	:	Wear safety glasses with side shields or goggles.
		If the work environment or activity involves dusty conditions, mists or aerosols, wear the appropriate goggles.
		Wear a faceshield or other full face protection if there is a
		potential for direct contact to the face with dusts, mists, or
		aerosols.
Skin and body protection	:	Work uniform or laboratory coat.
		Additional body garments should be used based upon the task being performed (e.g., sleevelets, apron, gauntlets, disposable suits) to avoid exposed skin surfaces. Use appropriate degowning techniques to remove potentially contaminated clothing.
Hand protection		C C
Material		Chemical-resistant gloves
Material	•	Chomical reciciant gioveo
Remarks	:	Consider double gloving.

13. DISPOSAL CONSIDERATIONS

Disposal methods	
	Dispose of in accordance with local regulations. Empty containers should be taken to an approved waste han- dling site for recycling or disposal. If not otherwise specified: Dispose of as unused product.

Special precautions for user

The transport classification(s) provided herein are for informational purposes only, and solely based upon the properties of the unpackaged material as it is described within this Safety Data

Version	Revision Date:	SDS Number:	Date of last issue: 2020/03/23
5.6	2020/10/10	610346-00013	Date of first issue: 2016/04/08

Sheet. Transportation classifications may vary by mode of transportation, package sizes, and variations in regional or country regulations.

15. REGULATORY INFORMATION

National regulatory information Law on the Prevention and Control of Occupational Diseases

The components of this product are reported in the following inventories:			
AICS	:	not determined	
DSL	:	not determined	
IECSC	:	not determined
