Sect	ion 1: l	dentification			
	Produc	t name	:	Desloratadine Lie	quid Formulation
	Manufa	acturer or supplier's o	deta	ils	
	Compa		:	Organon & Co.	
	Addres	S	:	30 Hudson Stree Jersey City, New	et, 33nd floor v Jersey, U.S.A 07302
	Teleph	one	:	551-430-6000	
	Emerge	ency telephone numbe	r :	215-631-6999	
	E-mail	address	:	EHSSTEWARD	@organon.com
	Recom	mended use of the c	hem	ical and restriction	ons on use
	Recom	mended use	:	Pharmaceutical	

Section 2: Hazard identification

GHS Classification

Not a hazardous substance or mixture.

GHS label elements

Not a hazardous substance or mixture.

Other hazards which do not result in classification

None known.

Section 3: Composition/information on ingredients

Substance / Mixture	:	Mixture
---------------------	---	---------

Components

Chemical name	CAS-No.	Concentration (% w/w)
Propylene glycol	57-55-6	>= 10 -< 30
Desloratadine	100643-71-8	< 1

Section 4: First-aid measures

If inhaled	: If inhaled, remove to fresh air.
In case of skin contact	Get medical attention if symptoms occur. : Wash with water and soap as a precaution.
	Get medical attention if symptoms occur.
In case of eye contact	: Flush eyes with water as a precaution.
	Get medical attention if irritation develops and persists.
If swallowed	: If swallowed, DO NOT induce vomiting.
	Get medical attention if symptoms occur.
	Rinse mouth thoroughly with water.

Versior 1.8	n Revision Date: 01.10.2020		DS Number: 1476-00009	Date of last issue: 13.09.2019 Date of first issue: 23.06.2016
ar	ost important symptoms d effects, both acute and layed	:	None known.	
Pr	otection of first-aiders otes to physician	:		itions are necessary for first aid responders. cally and supportively.
Sectio	n 5: Fire-fighting measure	es		
Su	iitable extinguishing media	:	Water spray Alcohol-resistant Carbon dioxide (C Dry chemical	
	nsuitable extinguishing edia	:	None known.	
•	becific hazards during fire- hting	:	Exposure to comb	oustion products may be a hazard to health.
	azardous combustion prod-	:	Carbon oxides	
Sr oc	pecific extinguishing meth- Is	:	cumstances and t Use water spray t	measures that are appropriate to local cir- he surrounding environment. o cool unopened containers. ged containers from fire area if it is safe to do
	ecial protective equipment firefighters	:		ed breathing apparatus for firefighting if nec- ective equipment.
Sectio	n 6: Accidental release me	eas	ures	
tiv	ersonal precautions, protec- e equipment and emer- ncy procedures	:		ing advice (see section 7) and personal pro- recommendations (see section 8).

Environmental precautions	:	Avoid release to the environment. Prevent further leakage or spillage if safe to do so. Prevent spreading over a wide area (e.g. by containment or oil barriers). Retain and dispose of contaminated wash water. Local authorities should be advised if significant spillages cannot be contained.
Methods and materials for containment and cleaning up	:	Soak up with inert absorbent material. For large spills, provide dyking or other appropriate contain- ment to keep material from spreading. If dyked material can be pumped, store recovered material in appropriate container. Clean up remaining materials from spill with suitable absor- bent. Local or national regulations may apply to releases and dis- posal of this material, as well as those materials and items employed in the cleanup of releases. You will need to deter- mine which regulations are applicable. Sections 13 and 15 of this SDS provide information regarding certain local or national requirements.

Version	Revision Date:	SDS Number:	Date of last issue: 13.09.2019
1.8	01.10.2020	771476-00009	Date of first issue: 23.06.2016

Section 7: Handling and storage

:	See Engineering measures under EXPOSURE CONTROLS/PERSONAL PROTECTION section.
	Use only with adequate ventilation. Handle in accordance with good industrial hygiene and safety practice, based on the results of the workplace exposure as-
	sessment Take care to prevent spills, waste and minimize release to the environment.
:	If exposure to chemical is likely during typical use, provide eye flushing systems and safety showers close to the working place.
	When using do not eat, drink or smoke. Wash contaminated clothing before re-use.
:	Keep in properly labelled containers.
:	Store in accordance with the particular national regulations. Do not store with the following product types: Strong oxidizing agents
	:

Section 8: Exposure controls/personal protection

Components with workplace control parameters

-	-		-	
Components	CAS-No.	Value type	Control parame-	Basis
		(Form of	ters / Permissible	
		exposure)	concentration	
Propylene glycol	57-55-6	WES-TWA	10 mg/m3	NZ OEL
		(particulate)		
		WES-TWA	150 ppm	NZ OEL
		(Vapour and	474 mg/m3	
		particulates)	-	
Desloratadine	100643-71-8	TWA	20 µg/m3 (OEB 3)	Internal
		Wipe limit	200 µg/100 cm ²	Internal

Engineering measures	:	Ensure adequate ventilation, especially in confined areas. Minimize workplace exposure concentrations.
Personal protective equipme	ent	
Respiratory protection	:	If adequate local exhaust ventilation is not available or expo- sure assessment demonstrates exposures outside the rec- ommended guidelines, use respiratory protection.
Filter type	:	Particulates type
Hand protection		
Remarks	:	Wash hands before breaks and at the end of workday.
Eye protection	:	Wear the following personal protective equipment: Safety glasses
Skin and body protection	:	Skin should be washed after contact.

Section 9: Physical and chemical properties

Date of last issue: 13.09.2019

Desloratadine Liquid Formulation

Revision Date:

1.8	01.10.2020	771476-00009	Date of first issue: 23.06.2016
Ot	her adverse effects		
No	data available		
Sectior	13: Disposal consider	ations	
Dis	sposal methods		
	aste from residues ntaminated packaging	: Empty containe dling site for re	accordance with local regulations. ers should be taken to an approved waste han- cycling or disposal. e specified: Dispose of as unused product.

SDS Number:

Section 14: Transport information

International Regulations

UNRTDG

Not regulated as a dangerous good

IATA-DGR Not regulated as a dangerous good

IMDG-Code

Not regulated as a dangerous good

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code Not applicable for product as supplied.

National Regulations

NZS 5433

Not regulated as a dangerous good

Section 15: Regulatory information

Safety, health and environmental regulations/legislation specific for the substance or mixture

HSNO Approval Number

Not applicable

HSW Controls

Certified handler certificate not required. Tracking hazardous substance not required. Refer to the Health and Safety at Work (Hazardous Substances) Regulations 2017, for further information.

The components of this product are reported	d in the following inventories:
