SEC	SECTION 1. PRODUCT AND COMPANY IDENTIFICATION							
	Produc	t name	:	Ezetimibe Granu	les Formulation			
	Manufa	acturer or supplier's d	letai	ils				
	Company		:	Organon & Co.				
	Address		:	30 Hudson Street, 33nd floor Jersey City, New Jersey, U.S.A 07302				
	Telepho	one	:	551-430-6000				
	Emergency telephone number		• :	215-631-6999				
	E-mail address		:	EHSSTEWARD@organon.com				
	Recom	mended use of the cl	nem	ical and restriction	ons on use			
Recommended use		:	Pharmaceutical					

SECTION 2. HAZARDS IDENTIFICATION

GHS Classification

Not a hazardous substance or mixture.

GHS label elements

Not a hazardous substance or mixture.

Other hazards which do not result in classification

Dust contact with the eyes can lead to mechanical irritation. May form explosive dust-air mixture during processing, handling or other means.

SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture : Mixture

Components

Chemical name	CAS-No.	Concentration (% w/w)
Cellulose	9004-34-6	>= 10 -< 30
Ezetimibe	163222-33-1	< 10
Sodium n-dodecyl sulfate	151-21-3	>= 1 -< 3

SECTION 4. FIRST AID MEASURES

General advice	:	In the case of accident or if you feel unwell, seek medical ad- vice immediately. When symptoms persist or in all cases of doubt seek medical advice.
If inhaled	:	If inhaled, remove to fresh air. Get medical attention if symptoms occur.

SAFETY DATA SHEET

Ezetimibe Granules Formulation

ersion 3	Revision Date: 09.04.2021	SDS Number: 1563956-00009	Date of last issue: 10.10.2020 Date of first issue: 18.04.2017				
In cas	se of skin contact	Remove conta Get medical att Wash clothing					
In cas	se of eye contact	: If in eyes, rinse well with water. Get medical attention if irritation develops and persists.					
lf swa	llowed	: If swallowed, DO NOT induce vomiting. Get medical attention if symptoms occur. Rinse mouth thoroughly with water.					
	important symptoms ffects, both acute and ed		ith the eyes can lead to mechanical irritation.				
	ction of first-aiders	and use the red	nders should pay attention to self-protection, commended personal protective equipment itial for exposure exists (see section 8).				
Notes	to physician	: Treat symptom	atically and supportively.				

Suitable extinguishing media	:	Water spray Alcohol-resistant foam Carbon dioxide (CO2) Dry chemical
Unsuitable extinguishing media	:	None known.
Specific hazards during fire- fighting	:	Exposure to combustion products may be a hazard to health.
Hazardous combustion prod- ucts	:	Carbon oxides Nitrogen oxides (NOx) Fluorine compounds Sulphur oxides Metal oxides
Specific extinguishing meth- ods	:	Use extinguishing measures that are appropriate to local cir- cumstances and the surrounding environment. Use water spray to cool unopened containers. Remove undamaged containers from fire area if it is safe to do so. Evacuate area.
Special protective equipment for firefighters Hazchem Code	:	In the event of fire, wear self-contained breathing apparatus. Use personal protective equipment. 2Z

SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protec- tive equipment and emer- gency procedures	:	Use personal protective equipment. Follow safe handling advice (see section 7) and personal pro- tective equipment recommendations (see section 8).
Environmental precautions	:	Avoid release to the environment. Prevent further leakage or spillage if safe to do so. Retain and dispose of contaminated wash water. Local authorities should be advised if significant spillages cannot be contained.

Version	Revision Date:	SDS Number:	Date of last issue: 10.10.2020
3.3	09.04.2021	1563956-00009	Date of first issue: 18.04.2017
	ds and materials for nment and cleaning up	tainer for disp Avoid dispers with compres Dust deposits es, as these leased into th Local or natio posal of this r employed in t mine which re Sections 13 a	al of dust in the air (i.e., clearing dust surfaces

SECTION 7. HANDLING AND STORAGE

Technical measures	Static electricity may accumulate and ignite suspended dust causing an explosion. Provide adequate precautions, such as electrical grounding and bonding, or inert atmospheres.
Local/Total ventilation Advice on safe handling	Use only with adequate ventilation. Do not get on skin or clothing. Do not breathe dust. Do not swallow. Avoid contact with eyes. Handle in accordance with good industrial hygiene and safety practice, based on the results of the workplace exposure as- sessment Minimize dust generation and accumulation. Keep container closed when not in use. Keep away from heat and sources of ignition.
Hygiene measures	 Take precautionary measures against static discharges. Take care to prevent spills, waste and minimize release to the environment. If exposure to chemical is likely during typical use, provide eye flushing systems and safety showers close to the working place. When using do not eat, drink or smoke. Wash contaminated clothing before re-use.
Conditions for safe storage Materials to avoid	Keep in properly labelled containers. Store in accordance with the particular national regulations. Do not store with the following product types: Strong oxidizing agents

SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Components with workplace control parameters

Components	CAS-No.	Value type (Form of exposure)	Control parame- ters / Permissible concentration	Basis
Cellulose	9004-34-6	TWA	10 mg/m3	AU OEL

ersion 3	Revision Date: 09.04.2021		Number: 956-00009		ast issue: 10.10.2020 irst issue: 18.04.2017			
			Further information: This value is for inhalable dust containing na asbestos and < 1% crystalline silica

The tra	•	(s) provided herein a	re for informational purposes only, and solely

based upon the properties of the unpackaged material as it is described within this Safety Data Sheet. Transportation classifications may vary by mode of transportation, package sizes, and variations in regional or country regulations.

SECTION 15. REGULATORY INFORMATION

Safety, health and environmental regulations/legislation specific for the substance or mixture

Prohibition/Licensing Requirements

: There is no applicable prohibition, authorisation and restricted use requirements, including for carcinogens referred to in Schedule 10 of the model WHS Act and Regulations.

The components of this product are reported in the following inventories:

AICS	:	not determined
DSL	:	not determined
IECSC	:	not determined

SECTION 16. OTHER INFORMATION

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and shall not be considered a warranty or quality specification of any type. The information provided relates only to the specific material identified at the top of this SDS and may not be valid when the SDS material is used in combination with any other materials or in any process, unless specified in the text. Material users should review the information and recommendations in the specific context of their intended manner of handling, use, processing and storage, including an assessment of the appropriateness of the SDS material in the user's end product, if applicable.
