I. PRODU	1. PRODUCT AND COMPANY IDENTIFICATION					
Product name			Gentamicin / Betamethasone Ointment Formulation			
Floduct name		•	Ochtannen / D			
Manu	Manufacturer or supplier's details					
Comp	bany	:	Organon & Co.			

Address	:	30 Hudson Street, 33nd floor Jersey City, New Jersey, U.S.A 07302
Telephone	:	551-430-6000
Emergency telephone number	:	215-631-6999
E-mail address	:	EHSSTEWARD@organon.com

Recommended use of the chemical and restrictions on use

Recommended use	: Pharmaceut	cal
	. i nannaocaa	oui

2. HAZARDS IDENTIFICATION

Manufacture, Storage and Import of Hazardous Chemicals Rules 1989

Classification

Not classified as hazardous according to criteria laid down in Part I of Schedule-1.

:	Category 1B
:	Category 1 (Pituitary gland, Immune system, muscle, thymus gland, Blood, Adrenal gland)
:	Category 2
:	Category 1
:	
:	Danger
	:

Version 3.5	Revision Date: 09.04.2021	SDS Number: 1842229-00009	Date of last issue: 10.10.2020 Date of first issue: 19.07.2017
		H401 Toxic to	ated exposure. aquatic life. ic to aquatic life with long lasting effects.
Preca	autionary statements	Prevention:	
		P260 Do not b P264 Wash sk P270 Do not e P273 Avoid re	ead and follow all safety instructions before use. reathe dust/ fume/ gas/ mist/ vapours/ spray. in thoroughly after handling. at, drink or smoke when using this product. lease to the environment. otective gloves/ protective clothing/ eye protec- ection.
		Response:	
		P318 IF expos P391 Collect s	ed or concerned, get medical advice. pillage.
		Storage:	
		P405 Store loc	sked up.
		Disposal: P501 Dispose disposal plant.	of contents/ container to an approved waste

Other hazards which do not result in classification

None known.

3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture : Mixture

Components

Chemical name	CAS-No.	Concentration (% w/w)
Petrolatum	8009-03-8	94.8
Paraffin oil	8012-95-1	5
Gentamicin	1403-66-3	0.1
betamethasone	378-44-9	0.064

4. FIRST AID MEASURES

General advice	 In the case of accident or if you feel unwell, seek medical advice immediately. When symptoms persist or in all cases of doubt seek medical advice.
If inhaled	: If inhaled, remove to fresh air. Get medical attention.
In case of skin contact	 In case of contact, immediately flush skin with soap and plenty of water. Remove contaminated clothing and shoes. Get medical attention. Wash clothing before reuse.

Version 3.5	Revision Date: 09.04.2021	DS Numbe 842229-00				
lf sv Mos and dela Prot	In case of eye contact : If swallowed : Most important symptoms : and effects, both acute and delayed Protection of first-aiders : Notes to physician		Thoroughly clean shoes before reuse. Flush eyes with water as a precaution. Get medical attention if irritation develops and persists. If swallowed, DO NOT induce vomiting. Get medical attention. Rinse mouth thoroughly with water. May damage the unborn child. Causes damage to organs through prolonged or repeated exposure. First Aid responders should pay attention to self-protection, and use the recommended personal protective equipment when the potential for exposure exists (see section 8). Treat symptomatically and supportively.			
	IGHTING MEASURES	,				
Suit	able extinguishing media uitable extinguishing		resistant foam dioxide (CO2) mical			
Spe fight	cific hazards during fire- ting ardous combustion prod-	Exposure to combustion products may be a hazard to heCarbon oxides				
Spe ods	cific extinguishing meth-	cumstan Use wat	inguishing measures that are appropriate to local cir- nces and the surrounding environment. ter spray to cool unopened containers. e undamaged containers from fire area if it is safe to do te area.			
	Special protective equipment for firefighters		In the event of fire, wear self-contained breathing apparatus. Use personal protective equipment.			
6. ACCII	DENTAL RELEASE MEAS	IRES				
tive	sonal precautions, protec- equipment and emer- cy procedures	Follow s	sonal protective equipment. safe handling advice (see section 7) and personal pro- equipment recommendations (see section 8).			
Env	ironmental precautions	Prevent Retain a Local au	elease to the environment. further leakage or spillage if safe to do so. and dispose of contaminated wash water. uthorities should be advised if significant spillages be contained.			
	hods and materials for ainment and cleaning up	tainer fo Local or posal of employe	up or vacuum up spillage and collect in suitable con- or disposal. In national regulations may apply to releases and dis- if this material, as well as those materials and items ed in the cleanup of releases. You will need to deter- nich regulations are applicable.			

Version 3.5	Revision Date: 09.04.2021	SDS Number: 1842229-00009	Date of last issue: 10.10.2020 Date of first issue: 19.07.2017				
			nd 15 of this SDS provide information regarding national requirements.				
7. HANDL	ING AND STORAGE						
Technical measures			: See Engineering measures under EXPOSURE CONTROLS/PERSONAL PROTECTION section.				
Local/Total ventilation			: If sufficient ventilation is unavailable, use with local exhaust				
Advice on safe handling		: Do not get on s Do not breathe Do not swallow Avoid contact w Wash skin tho Handle in acco practice, based sessment Keep containe Do not eat, drii	Keep container tightly closed. Do not eat, drink or smoke when using this product. Take care to prevent spills, waste and minimize release to the				
Cond	itions for safe storage	: Keep in proper Store locked u Keep tightly clo	 Keep in properly labelled containers. Store locked up. Keep tightly closed. 				
Materials to avoid		: Do not store w	Store in accordance with the particular national regulations. Do not store with the following product types: Strong oxidizing agents

Transport in bulk according to IMO instruments

Not applicable for product as supplied.

Special precautions for user

The transport classification(s) provided herein are for informational purposes only, and solely based upon the properties of the unpackaged material as it is described within this Safety Data Sheet. Transportation classifications may vary by mode of transportation, package sizes, and variations in regional or country regulations.

15. REGULATORY INFORMATION

Safety, health and environmental regulations/legislation specific for the substance or mixture

The components of this product are reported in the following inventories:

AICS	:	not determined
DSL	:	not determined
IECSC	:	not determined

16. OTHER INFORMATION

Further information

Sources of key data used to	:	Internal technical data, data from raw material SDSs, OECD
compile the Safety Data		eChem Portal search results and European Chemicals Agen-

Version 3.5	Revision Date: 09.04.2021		DS Number: 42229-00009	Date of last issue: 10.10.2020 Date of first issue: 19.07.2017			
Sheet			cy, http://echa.eu	ropa.eu/			
Date for	Date format		dd.mm.yyyy				
Full text of other abbreviations							
	ACGIH IN OEL		USA. ACGIH Threshold Limit Values (TLV) India. Permissible levels of certain chemical substances in work environment.				
ACGIH / TWA IN OEL / TWA IN OEL / STEL		:	8-hour, time-weighted average Time-Weighted Average Concentration (TWA) (8 hrs.) Short-term exposure Limit STEL (15 min)				

AIIC - Australian Inventory of Industrial Chemicals: ANTT - National Agency for Transport by Land of Brazil; ASTM - American Society for the Testing of Materials; bw - Body weight; CMR -Carcinogen, Mutagen or Reproductive Toxicant; DIN - Standard of the German Institute for Standardisation; DSL - Domestic Substances List (Canada); ECx - Concentration associated with x% response; ELx - Loading rate associated with x% response; EmS - Emergency Schedule; ENCS - Existing and New Chemical Substances (Japan); ErCx - Concentration associated with x% growth rate response; ERG - Emergency Response Guide; GHS - Globally Harmonized System; GLP - Good Laboratory Practice; IARC - International Agency for Research on Cancer; IATA - International Air Transport Association; IBC - International Code for the Construction and Equipment of Ships carrying Dangerous Chemicals in Bulk; IC50 - Half maximal inhibitory concentration; ICAO - International Civil Aviation Organization; IECSC - Inventory of Existing Chemical Substances in China; IMDG - International Maritime Dangerous Goods; IMO - International Maritime Organization; ISHL - Industrial Safety and Health Law (Japan); ISO - International Organisation for Standardization; KECI - Korea Existing Chemicals Inventory; LC50 - Lethal Concentration to 50 % of a test population; LD50 - Lethal Dose to 50% of a test population (Median Lethal Dose); MARPOL - International Convention for the Prevention of Pollution from Ships; n.o.s. - Not Otherwise Specified; Nch - Chilean Norm; NO(A)EC - No Observed (Adverse) Effect Concentration; NO(A)EL - No Observed (Adverse) Effect Level; NOELR - No Observable Effect Loading Rate; NOM - Official Mexican Norm; NTP - National Toxicology Program; NZIoC - New Zealand Inventory of Chemicals; OECD - Organization for Economic Co-operation and Development; OPPTS - Office of Chemical Safety and Pollution Prevention; PBT - Persistent, Bioaccumulative and Toxic substance; PICCS - Philippines Inventory of Chemicals and Chemical Substances; (Q)SAR - (Quantitative) Structure Activity Relationship; REACH - Regulation (EC) No 1907/2006 of the European Parliament and of the Council concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals; SADT - Self-Accelerating Decomposition Temperature; SDS - Safety Data Sheet; TCSI - Taiwan Chemical Substance Inventory; TDG - Transportation of Dangerous Goods; TSCA - Toxic Substances Control Act (United States); UN - United Nations; UNRTDG - United Nations Recommendations on the Transport of Dangerous Goods; vPvB - Very Persistent and Very Bioaccumulative; WHMIS - Workplace Hazardous Materials Information System

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and shall not be considered a warranty or quality specification of any type. The information provided relates only to the specific material identified at the top of this SDS and may not be valid when the SDS material is used in combination with any other materials or in any process, unless specified in the text. Material users should review the information and recommendations in the specific context of their intended manner of handling, use, processing and storage, including an assessment of the appropriateness of the SDS material in the user's end product, if applicable.
