2. HAZAR	DS IDENTIFICATION			
GHS	classification of chemi	cal	product	
Repro	oductive toxicity	:	Category 1B	
repea	ific target organ toxicity - ated exposure lation)	:	Category 2 (Im	nmune system, Liver, Kidney, Skin)
Long- hazai	-term (chronic) aquatic rd	:	Category 1	
GHS	label elements			
Haza	rd pictograms	:		¥2
Signa	al word	:	Danger	V
Haza	rd statements	:	fertility. H373 May cau Kidney, Skin) t haled.	amage the unborn child. Suspected of damagin se damage to organs (Immune system, Liver, hrough prolonged or repeated exposure if in- ic to aquatic life with long lasting effects.

Precautionary statements : Prevention:

P201 Obtain special instructions before use.P202 Do not handle until all safety precautions have been read and understood.P260 Do not breathe dust.

Version 3.1	Revision Date: 2020/10/10	SDS Number: 437328-00012	Date of last issue: 2020/03/23 Date of first issue: 2016/01/28
			elease to the environment. rotective gloves/ protective clothing/ eye protec- tection.
		Response: P308 + P313 attention. P391 Collect	IF exposed or concerned: Get medical advice/ spillage.
		Storage: P405 Store lo	ocked up.
		Disposal: P501 Dispose disposal plan	e of contents/ container to an approved waste t.
Othe	er hazards which do r	ot result in classific	ation
	ortant symptoms and or of the emergency as- ed	Contact with the skin.	with the eyes can lead to mechanical irritation. dust can cause mechanical irritation or drying of plosive dust-air mixture during processing, han- means.

3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture		Mixture		
Components				
Chemical name		CAS-No.	Concentration (% w/w)	ENCS No.
Mometasone		83919-23-7	>= 10 - < 20	

4. FIRST AID MEASURES

General advice	:	In the case of accident or if you feel unwell, seek medical ad- vice immediately. When symptoms persist or in all cases of doubt seek medical advice.
If inhaled	:	If inhaled, remove to fresh air. Get medical attention.
In case of skin contact	:	In case of contact, immediately flush skin with soap and plenty of water. Remove contaminated clothing and shoes. Get medical attention. Wash clothing before reuse. Thoroughly clean shoes before reuse.
In case of eye contact	:	If in eyes, rinse well with water. Get medical attention if irritation develops and persists.
If swallowed	:	If swallowed, DO NOT induce vomiting. Get medical attention. Rinse mouth thoroughly with water.
Most important symptoms and effects, both acute and	:	May damage the unborn child. Suspected of damaging fertili- ty.

Version 3.1	Revision Date: 2020/10/10		OS Number: 7328-00012	Date of last issue: 2020/03/23 Date of first issue: 2016/01/28	
delay	delayed		May cause damage to organs through prolonged or repeate exposure if inhaled. Contact with dust can cause mechanical irritation or drying the skin.		
Prote	ction of first-aiders	:	Dust contact with the eyes can lead to mechanical irritation. First Aid responders should pay attention to self-protection, and use the recommended personal protective equipment		
Notes	to physician	:		I for exposure exists (see section 8). cally and supportively.	
5. FIREFIC	GHTING MEASURES				
Suitable extinguishing media		:	Water spray Alcohol-resistant Carbon dioxide (C Dry chemical		
Unsui media	table extinguishing	:	None known.		
Speci	Specific hazards during fire- fighting		concentrations, and potential dust exp	dust; fine dust dispersed in air in sufficient nd in the presence of an ignition source is a losion hazard. oustion products may be a hazard to health.	
Hazaı ucts	dous combustion prod-	:	Carbon oxides Chlorine compou	nds	
Specific extinguishing meth- ods		:	cumstances and t Use water spray t	measures that are appropriate to local cir- he surrounding environment. o cool unopened containers. ged containers from fire area if it is safe to do	
	al protective equipment	:		e, wear self-contained breathing apparatus.	

Personal precautions, protec- tive equipment and emer- gency procedures	:	Use personal protective equipment. Follow safe handling advice (see section 7) and personal pro- tective equipment recommendations (see section 8).
Environmental precautions	:	Avoid release to the environment. Prevent further leakage or spillage if safe to do so. Retain and dispose of contaminated wash water. Local authorities should be advised if significant spillages cannot be contained.
Methods and materials for containment and cleaning up	:	Sweep up or vacuum up spillage and collect in suitable con- tainer for disposal. Avoid dispersal of dust in the air (i.e., clearing dust surfaces with compressed air). Dust deposits should not be allowed to accumulate on surfac- es, as these may form an explosive mixture if they are re- leased into the atmosphere in sufficient concentration. Local or national regulations may apply to releases and dis-

Version 3.1	Revision Date: 2020/10/10	SDS Number: 437328-00012	Date of last issue: 2020/03/23 Date of first issue: 2016/01/28

Date of last issue: 2020/03/23 Date of first issue: 2016/01/28

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Threshold limit value and permissible exposure limits for each component in the work environment

Components	CAS-No.	Value type (Form of exposure)	Control parame- ters / Permissible concentration	Basis
Mometasone	83919-23-7	TWA	1 µg/m3 (OEB 4)	Internal
	Further informa	ation: Skin		
		Wipe limit	10 µg/100 cm²	Internal

Engineering measures	 Containment technologies suitable for controlling compounds are required to control at source and to prevent migration of the compound to uncontrolled areas (e.g., vacuum conveying from a closed system, packout head with inflatable seal from stationary container, ventilated enclosure, etc.). All engineering controls should be implemented by facility design and operated in accordance with GMP principles to protect products, workers, and the environment. Essentially no open handling permitted. Use closed processing systems or containment technologies.
Personal protective equipment	nt
Respiratory protection Filter type Hand protection	 If adequate local exhaust ventilation is not available or exposure assessment demonstrates exposures outside the recommended guidelines, use respiratory protection. Particulates type
Material	Chemical-resistant gloves
Remarks Eye protection	 Consider double gloving. Wear safety glasses with side shields or goggles. If the work environment or activity involves dusty conditions, mists or aerosols, wear the appropriate goggles. Wear a faceshield or other full face protection if there is a potential for direct contact to the face with dusts, mists, or aerosols.
Skin and body protection	 Work uniform or laboratory coat. Additional body garments should be used based upon the task being performed (e.g., sleevelets, apron, gauntlets, disposable suits) to avoid exposed skin surfaces. Use appropriate degowning techniques to remove potentially contaminated clothing.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical state	:	powder
Colour	:	white
Odour	:	No data available
Odour Threshold	:	No data available

10. STABILITY AND REACTIVITY

Reactivity Chemical stability Possibility of hazardous reac- tions	: :	Not classified as a reactivity hazard. Stable under normal conditions. May form explosive dust-air mixture during processing, han- dling or other means. Can react with strong oxidizing agents.
Conditions to avoid	:	Heat, flames and sparks. Avoid dust formation.
Incompatible materials Hazardous decomposition products	:	

11. TOXICOLOGICAL INFORMATION

Information on likely routes of	:	Inhalation
exposure		Skin contact
		Ingestion
		Eye contact

Acute toxicity

Not classified based on available information.

Components:

Mometasone:

Acute oral toxicity :	L	.D50 (Rat): > 2,000 mg/kg
	L	.D50 (Mouse): > 2,000 mg/kg
Acute inhalation toxicity :	E T	C50 (Rat): > 3.3 mg/l Exposure time: 4 h Test atmosphere: dust/mist Remarks: No mortality observed at this dose.
	Ε	.C50 (Mouse): > 3.2 mg/l Exposure time: 4 h Test atmosphere: dust/mist
Acute toxicity (other routes of : administration)	A	.D50 (Rat): 300 mg/kg Application Route: Subcutaneous Symptoms: Breathing difficulties

Skin corrosion/irritation

Not classified based on available information.

Components:

Mometasone:

Species	:	Rabbit
Result	:	No skin irritation

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable for product as supplied.

National Regulations

Refer to section 15 for specific national regulation.

Special precautions for user

The transport classification(s) provided herein are for informational purposes only, and solely based upon the properties of the unpackaged material as it is described within this Safety Data Sheet. Transportation classifications may vary by mode of transportation, package sizes, and variations in regional or country regulations.

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and shall not be considered a warranty or quality specification of any type. The information provided relates only to the specific material identified at the top of this SDS and may not be valid when the SDS material is used in combination with any other materials or in any process, unless specified in the text. Material users should review the information and recommendations in the specific context of their intended manner of handling, use, processing and storage, including an assessment of the appropriateness of the SDS material in the user's end product, if applicable.
