## 2. HAZARDS IDENTIFICATION

### Manufacture, Storage and Import of Hazardous Chemicals Rules 1989

### Classification

Not classified as hazardous according to criteria laid down in Part I of Schedule-1.

| GHS Classification          |   |   |
|-----------------------------|---|---|
| Carcinogenicity             | : | Category 2  |
| Reproductive toxicity       | : | Category 1A   |
| Effects on or via lactation |   |   |
| GHS label elements          |   |   |
| Hazard pictograms           | : |   |
| Signal word                 | : | Danger  |
| Hazard statements           | : | H351 Suspected of causing cancer.<br>H360 May damage fertility or the unborn child.<br>H362 May cause harm to breast-fed children.  |
| Precautionary statements    | : | Prevention:<br>P203 Obtain, read and follow all safety instructions before use.<br>P260 Do not breathe dust.<br>P263 Avoid contact during pregnancy and while nursing.<br>P264 Wash skin thoroughly after handling. |

| Version<br>1.2 | Revision Date:<br>09.04.2021  | SDS Number:<br>5155498-00003  | Date of last issue: 10.10.2020<br>Date of first issue: 17.10.2019   |  |  |
|----------------|---|---|---|--|--|
|                |   |   | at, drink or smoke when using this product.<br>otective gloves/ protective clothing/ eye protec-<br>ection. |  |  |
|                |   | <b>Response:</b><br>P318 IF exposed or concerned, get medical advice.                           |   |  |  |
|                |   | <b>Storage:</b><br>P405 Store locked up.  |   |  |  |
|                |   | <b>Disposal:</b><br>P501 Dispose of contents/ container to an approved waste<br>disposal plant. |   |  |  |
| The f          | t <b>ional Labelling</b><br>ollowing percentage o<br>tic environment: 27.77 |   | f ingredient(s) with unknown hazards to the   |  |  |

### Other hazards which do not result in classification

Dust contact with the eyes can lead to mechanical irritation. Contact with dust can cause mechanical irritation or drying of the skin. May form explosible dust-air mixture if dispersed.

### 3. COMPOSITION/INFORMATION ON INGREDIENTS

| Substance / | Mixture | : | Mixture |
|-------------|---------|---|---------|
|             |         |   |         |

Components

| Chemical name    | CAS-No.    | Concentration (% |
|------------------|------------|------------------|
|                  |            | w/w)             |
| Progesterone     | 57-83-0    | 27.777           |
| Titanium dioxide | 13463-67-7 | 0.4475           |

### 4. FIRST AID MEASURES

| General advice                                      | : | In the case of accident or if you feel unwell, seek medical ad-<br>vice immediately.<br>When symptoms persist or in all cases of doubt seek medical<br>advice.   |
|---|---|--|
| If inhaled  | : | If inhaled, remove to fresh air.<br>Get medical attention.   |
| In case of skin contact                             | : | In case of contact, immediately flush skin with soap and plenty<br>of water.<br>Remove contaminated clothing and shoes.<br>Get medical attention.<br>Wash clothing before reuse.<br>Thoroughly clean shoes before reuse. |
| In case of eye contact                              | : | If in eyes, rinse well with water.<br>Get medical attention if irritation develops and persists.   |
| If swallowed  | : | If swallowed, DO NOT induce vomiting.<br>Get medical attention.<br>Rinse mouth thoroughly with water.  |
| Most important symptoms and effects, both acute and | : | Suspected of causing cancer.<br>May damage fertility or the unborn child.  |

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and shall not be considered a warranty or quality specification of any type. The information provided relates only to the specific material identified at the top of this SDS and may not be valid when the SDS material is used in combination with any other materials or in any process, unless specified in the text. Material users should review the information and recommendations in the specific context of their intended manner of handling, use, processing and storage, including an assessment of the appropriateness of the SDS material in the user's end product, if applicable.
