

Vittorio Nisita

Organon Head of Global Business Services

Vic Nisita is the Head of Global Business Services for Organon, which focuses on driving an operating model for the company that continually enhances agility, efficiency, quality and innovation. Vic leads a team that provides integrated governance and business practices for all shared services including knowledge management to create a learning organization and best-in-class experiences for employees and customers.

Most recently, Vic was the Vice President of Commercial operations for Merck (known as MSD outside the US and Canada). In this role, he provided support to country teams across several capability areas, including strategy development, digital transformation, and sales and marketing operations excellence. His nearly two-decade career at Merck includes leadership roles in emerging markets, corporate strategy, and global operational excellence.

Prior to joining Merck, Vic worked for McKinsey & Co., supporting clients in the telecommunications and banking industries, and also led engineering and manufacturing operations at Kimberly Clark Corporation and Georgia-Pacific.

Vic has a B.S. in mechanical engineering from University of Minnesota and an M.B.A. from Northwestern University.

About Organon Organon (NYSE: OGN) is a global healthcare company formed through a spinoff from Merck to focus on improving the health of women throughout their lives. It has a portfolio of more than 60 medicines and products that help address a spectrum of conditions women face. Led by the reproductive health portfolio coupled with an expanding biosimilars business and stable franchise of established medicines, Organon's products produce strong cash flows that will support investments in future growth opportunities in women's health, including business development. In addition, Organon is pursuing opportunities to partner with biopharmaceutical innovators looking to commercialize their products by leveraging its scale and presence in fast growing international markets. Organon has a global footprint with significant scale and geographic reach, world-class commercial capabilities, and approximately 9,000 employees with headquarters located in Jersey City, New Jersey.
