

Act *with* Her

We are Organon, a global company focused on women's health.

We have a bold ambition to help reduce 120 million unintended pregnancies by 2030.

Despite the many strides that have been made in enabling access to contraception, unintended pregnancies (UIPs) remain a significant global health issue. On World Contraception Day 2022, we are launching our roadmap to show how we will Act with Her to reduce UIPs around the world.

Act *with* Purpose

- **Launched Her Promise:** Organon's commitment to helping the nearly 4 billion women and girls in the world achieve their promise through better health
- Show how every day is **World Contraception Day** at Organon through a series of global actions to **Act with Her**
- **International Conference on Family Planning (ICFP):** Elevate Organon's Her Promise platform by announcing our intention to partner with the global public health community as part of the Family Planning 2030 goals

Act *with* Advocates

- Advocate to eliminate health disparities for women at the **77th Session of the UN General Assembly (UNGA)**
- Launch the **2023 Global Contraception Policy Atlas** in collaboration with European Parliamentary Forum for Sexual and Reproductive Health (EPF) at the Women Deliver Conference
- **Listen to and elevate the voices of women** to help address UIPs

Act *through* Education

- Continue the **What's Next For Her** educational campaign to provide women with the resources needed to make informed decisions about their reproductive health
- Explore and roll out new ways to deliver **modern and meaningful sex education** in local communities around the world

Act *for* Impact

- Expand contraception education, information, and availability to 69 of the lowest-income countries through **Organon's Her Promise Access Initiative** as part of a multi-agency, global effort
- **Launch Her Promise Grants** via **Organon** local markets to create programs focused on helping young women and girls achieve their promise and empower them to talk and learn about their sexual and reproductive health

Act *with* Youth

- **Support collaboration and mentorship** among **Organon** leaders and Women Deliver's youth advocates around the world
- Publish a large-scale study on **knowledge and attitudes of European youth on contraception** from 47 countries in collaboration with the EPF

2030
