

## **Vittorio Nisita**

Head of Global Business Services

Vic Nisita is the Head of Global Business Services for Organon, which focuses on driving an operating model for the company that continually enhances agility, efficiency, quality and innovation. Vic leads a team that provides integrated governance and business practices for all shared services, both transactional and knowledge intensive, to create a learning organization and best-in-class experiences for employees and customers.

Most recently, Vic was the Vice President of Commercial Operations for Merck's international business, known as MSD outside of the U.S. and Canada. In this role, he provided support to country teams across several capability areas, including strategy development, digital transformation, and sales and marketing operations and excellence. His nearly two-decade career at Merck includes leadership roles in emerging markets, corporate strategy and global operational excellence.

Prior to joining Merck, Vic worked for McKinsey & Co., supporting clients in the telecommunications and banking industries, and also led engineering and manufacturing operations at Kimberly Clark Corporation and Georgia-Pacific.

Vic received an M.B.A. from the Kellogg School of Management at Northwestern University and a Bachelor of Science in mechanical engineering from the University of Minnesota.

**About Organon** Organon (NYSE: OGN) is a global healthcare company formed through a spin-off from Merck & Co., Inc., Rahway, NJ, USA (NYSE: MRK) to focus on improving the health of women throughout their lives. Organon has a portfolio of more than 60 medicines and products across a range of therapeutic areas. Led by the women's health portfolio coupled with an expanding biosimilars business and stable franchise of established medicines, Organon's products produce strong cash flows that will support investments in innovation and future growth opportunities in women's health. In addition, Organon is pursuing opportunities to collaborate with biopharmaceutical innovators looking to commercialize their products by leveraging its scale and presence in fast growing international markets. Organon has a global footprint with significant scale and geographic reach, world-class commercial capabilities, and approximately 9,300 employees with headquarters located in Jersey City, New Jersey. For more information, visit <http://www.organon.com> and connect with us on LinkedIn and Instagram.
