

Rachel Stahler

Chief Information Officer

Rachel leads business technology, driving digital capabilities across all aspects of Organon's strategy to build value for the company's offerings and customers.

Rachel joined Organon with two decades of global technology experience in the healthcare industry and a passion for bringing new medicines and solutions to patients in need. Most recently, she served as CIO at Allergan plc. Previously, she held CIO positions at Syneos Health, inVentiv Health and Optimer Pharmaceuticals. Earlier in her career, she held senior technology roles at Pfizer, Inc.

Rachel has an M.B.A. from Columbia University and a B.A. from the University of Pennsylvania.

About Organon Organon is a global health care company formed to focus on improving the health of women throughout their lives. Organon offers more than 60 medicines and products in women's health in addition to a growing biosimilars business and a large franchise of established medicines across a range of therapeutic areas. Organon's existing products produce strong cash flows that support investments in innovation and future growth opportunities in women's health and biosimilars. In addition, Organon is pursuing opportunities to collaborate with biopharmaceutical innovators looking to commercialize their products by leveraging its scale and presence in fast growing international markets. Organon has a global footprint with significant scale and geographic reach, world-class commercial capabilities, and approximately 10,000 employees with headquarters located in Jersey City, New Jersey.
